Dow Agrosciences LLC	Scarab Consulting
DuPont	The Scott's Co.
Excel Marketing	Sumitomo
Global Organic Resources	Wellmark International
Lang Laboratories	Valent USA
Novartis/Syngenta	

Disclaimer

Mention of trademark or proprietary product does not constitute an endorsement of the product by Texas Cooperative Extension and does not imply its approval to the exclusion of other products that also may be suitable. Mention of a product does necessarily imply registration as an insecticide by the Environmental Protection Agency. Neither Texas Cooperative Extension nor the Texas Fire Ant Research and Management Plan endorses or discourages the use of any of the products mentioned in this compilation of reports.

Because of rapid changes in product development, regulatory and market conditions, ongoing scientific research and corporate mergers or acquisitions, product names and availability may change. Product names and formulations used here were those from the product label itself or those specified by the manufacturer at the time the tests were conducted.
